“My B.S.A. 350CC Gold Star & Blues for Aub (get it?),” a new exhibition featuring the works of Los-Angeles based artist Billy Al Bengston will run from September 29 through November 2, 2016, at Venus Over Manhattan, New York.

The exhibition features 12 historic paintings from Bengston’s 1961 “B.S.A. Motorcycle” series alongside a selection of newly painted works from the artist’s iconic “Chevron” series. The show will also include a California Custom Triumph motorcycle selected by Bengston and designed by close friend and notorious flat track racer, Sonny Nutter. The show offers viewers a survey of the artist’s unique style and examines his undeniably important cultural contribution both in Los Angeles and throughout the United States.
